

DS-Series LED-backlit Display 55"

One Set Display,
Twice the Impact

Featuring Full HD resolution and high brightness, the DS-Series is capable of delivering crisp images in diverse indoor environments. Dual HDMI connections make it easy to integrate IPCs or media players to display unique content on each screen. With a metal housing and flexible orientations, the DS-Series is ideal for retail locations, point of sale signage, as well as advertising in public environments.

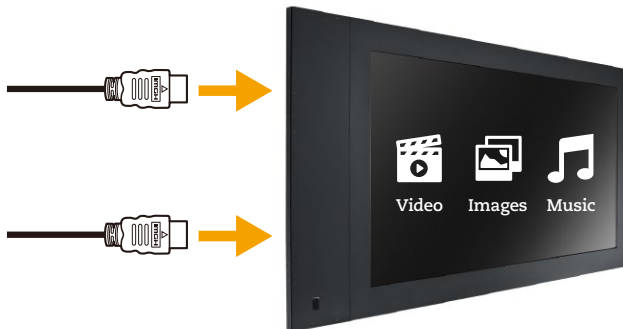

Slim Metal Housing

With a 23.4 mm amazingly slim profile, the DS-Series is shielded by a thin but highly-durable metal housing that creates a compact profile while ensuring safety and durability in public settings.

Adaptable Orientations

Enabling both portrait and landscape modes, the DS-Series allows you to select the orientation that suits the setting.

Multiple Media Playback Options

HDMI ports located on both the front and rear of the display allow you to incorporate either media players or IPCs to broadcast the media of your choice.
